Plan a vacation!

This travel brochure provides you with all the information you need to plan a 7 day, 6 night vacation to the destination of your choice. You may stop in two destinations if they are close to each other. You will have to calculate the mileage in between the two cities.

Lodging prices, as well as, meal and activities are listed in this brochure. Be sure you have included 6 nights of lodging and 21 meals (unless breakfast is included with your hotel).

You must participate in at least 7 activities (one for each day). However, you may participate in as many more activities and additional expenses on your vacation as you wish, as long as you remain under budget.

Bike around scenic Traverse City!
