

Biography Book Report

Each student will create a character map for the famous person that they studied for the past 3 ½ weeks. You will need a poster board for your display. The following will be presented on the poster:

- In the center of the display, each student will need to make or find a picture of their famous person. (Be sure to write their name under the picture.)
- The following four details need to be included in your display:
 1. **Describe** the character's traits. Tell about their personality and any interesting details about them.
 2. Background information. Where were they born? Where did they live? Anything else of significance.
 3. What makes your person famous? Include accomplishments and achievements.
 4. Your opinion. Tell us what you think of them. (Be sure to elaborate.)
- Each student needs to come up with at least 4 symbols for their display. This can be anything that helps to tell us a little more about your famous person. The symbols can be displayed anywhere on the poster.
- Your poster board should also be cut out into a giant symbol that in some way represents the type of person that you studied. For example, you can cut your poster board in the shape of a baseball if you studied a baseball player. Remember to fill in your board and feel free to color in a background.

All projects are due January 27th.

Good luck and have fun! ☺

Brilliant Biography Rubric

1. The student provided a picture and labeled it neatly and properly.
