

of the Week

Below is the schedule for student of the week." For one week each child will be our "Starburst". They are encouraged, however do not have, to bring in a small collage of pictures & words that best describe them. An example is in our classroom. This is a fun way for them to share with the class what makes them special and show us pictures of memorable times in their life. The first day of the child's week is listed by their name. On that day they may bring in their picture collage to share and hang up for the week. Thank you 😊
